Hi William,

Thanks for reaching out and seeking clarification. You are correct - we are only interested in records that pertain to Healthy Moms and Babies. We're interested in communications to/from HMB but also any communications that mention HMB. And we're also interested in any agreements or contracts involving HMB. To elaborate on this last point - if, for instance, Serve Ohio has a copy of any agreements between HMB and Santa Maria Community Services, we would be interested in those records.

I hope this clarifies your question, but please let me know if I can answer any others.

Dan

**Subject:** Ohio Open Records Request

Mr. Stevens:

We are in receipt of your records request dated 3/1/18. ServeOhio is the state service commission for Ohio; as such, we fund and administer AmeriCorps programs throughout the state. Santa Maria Community Services has been a grantee of ServeOhio since January 2014; they serve as an intermediary organization, placing AmeriCorps members throughout Cincinnati in host sites that focus on education and health issues. Healthy Moms and Babies is a host site within the Santa Maria Community Services AmeriCorps program. ServeOhio does not have a direct relationship with program host sites; our relationship is with the primary grantee.

As we process your request, it would be helpful if you could clarify if you only want records of communication between Santa Maria Community Services and ServeOhio that specifically reference Healthy Moms and Babies (given our role, those could be minimal) or if you want all communication between Santa Maria Community Services and ServeOhio which could be substantial, and potentially irrelevant to your interests, given our funder/grantee relationship.

We will begin working on the request once we receive clarification.

Thank you for your attention to this matter.
